click on the upload file at the bottom left of the reply screen. If you are using Tapatalk, I don't think you can upload to our site (no button) but some folks upload to their site. On our site we do not have a size restriction.

Post details QUOTE

Step 1 click on Upload attachment

Step 2 click on "Browse" and find the file on your computer that you want to upload. Then click on "add file". You can use the preview button to see what the post/picture will look like.

Note: the file size is not limited
